THE BEST.

 A thoroughgoing business man understands the value of having his printed stationery, (letter heads, bill heads, envelopes, cards, &c.,) of the best quality, but there are some, we are sorry to say, who think that anything is "good enough."

To such as are satisfied with a smutty job, inartistic and clumsy, because it is *cheap*, (it is really very dear,) we wish to say that we are prepared with a line of stock, purchased in immense quantities at a very low price, to furnish first-class work, done in the best manner, at prices as low as are charged by concerns doing the most inferior work.

Give us a sample order, and we will satisfy you that, while doing work as cheaply as the cheapest of so-called "cheap" printers, at the same time we give you much more for your money in the value attached to *neat, attractive work*.

ETERNAL ADVERTISING

IS THE

PRICE OF BUSINESS.

• * ADVERTISING * •

PAYS.

THE FOOLISH MAN.

He failed, and no one was surprised,
Because he never advertised.

PEOPLE who advertise only once in three months forget that most folks can't remember anything longer than about seven days.

A NEWSPAPER advertisement "drops the same thought into a thousand minds at almost the same moment." This is one characteristic of its power and superiority over all other advertising mediums.

BEING well known is no reason for stopping an advertisement. Barnum is well known, but advertises just as much, if not more, than ever. Business is constantly changing, old firms withdraw from, and new ones enter, the fields of trade, and not to continue advertising, if one would continue in business, would be like the well-conditioned man ceasing to eat because he already had sufficient flesh, sinews and bone.

SPEAKING of the uselessness of spasmodic and irregular advertising, the Clothier and Furnisher says: 'If you want to be healthy you must eat regularly, as meat to-day will not serve you for to-morrow. To be well and hearty eat at every meal time; to be prosperous in business advertise regularly. Stop the one and starve and die. Stop the other and your business takes consumption and dies also. Spasmodic advertising is like having a 'feast and a famine'—more famine than feast as a rule—and is never satisfactory. To take out your card in dull times is like killing your horse because he is a little lame. It is in dull times the most advertising should be done, and it is in dull times that advertising is the most effective, as more notice is taken of printers' ink then than at any other time.'
